

DGC
DE GOEY CONTRACTORS
 Protective Coatings Division

De Goey Contractors protective coatings division provides clients with the highest quality in surface preparation and industrial coatings application.

We pride ourselves on delivering excellence with our products and services whilst upholding A-class quality and safety assurances.

Top Quality Service

DGC is committed to meeting all contractual, statutory and regulatory obligations and requirements for safety, service, quality and reliability in its manufacture, abrasive blasting, protective coating application and installation of steel structure and piping systems. We operate a quality management system to AS/NZS ISO 9001.

Safety First

DGC has robust training and safety awareness and promotes a Zero Harm policy. Our HSE Safety team have extensive knowledge about the industry and operates an in-depth safety and health management system to ISO 45001:2018 to safeguard our people and operations.

Training and Certification

DGC is operated by fully certified staff, trained by NACE and relevant training bodies including:

-  Certified International Coating Inspectors
-  Certified International Coating Specialist
-  Qualified Coating Applicators
-  ISO 9001:2015 - Quality Management Systems
-  ISO 45001:2018 - Occupational Health & Safety Management Systems
-  ISO 14001:2015 Environmental Management Systems
-  PCCP Certification Classes 1-4

Capabilities

DGC is highly experienced in delivering top-quality surface preparation and protective coating solutions. We can tailor our service to suit any project, big or small.

The partnership between De Goey Contractors inclusive of our protective coating and concrete remediation divisions, and Mackay Piping allows us to provide a highly qualified and experienced service to our clients.

Our Paget facilities are fully equipped to prepare and provide protection to all components/ structures in all grades of carbon steel, aluminium and stainless steel, prior to on site installation.

Subcontractors engaged by DGC are also accredited to the same stringent standards.
