

DGC

DE GOEY CONTRACTORS

De Goey Contractors (DGC) provides clients with the highest quality piping, steel fabrication and installation services.

We pride ourselves on delivering excellence with our products and services while upholding A-class quality and safety assurances.

Top Quality Service

DGC is committed to meeting all contractual, statutory and regulatory obligations and requirements for safety, service, quality and reliability in its manufacture and installation of steel structure and piping systems. We operate a quality management system to AS/NZS ISO 9001.

Training and Certification

DGC is operated by fully certified staff, trained by Weld Australia (formerly the Welding Technology Institute of Australia or WTIA), including:

-  Certified International Welding Inspector
-  Certified International Welding Specialist
-  WTIA QC Welding Coordinator
-  Certified AS1796 Pressure Vessels Welding Supervisor Certified
-  AS2214 Structural Steel Welding Supervisor
-  ISO 9001:2015 - Quality Management Systems
-  ISO 45001:2018 - Occupational Health & Safety Management Systems
-  ISO 14001:2015 Environmental Management Systems
-  PCCP Certification Classes 1-4

Subcontractors engaged by DGC are also accredited to the same stringent standards.

Safety First

DGC has robust training and safety awareness and promotes a Zero Harm policy. Our HSE Safety Manager has extensive knowledge about the industry and operates an in-depth safety and health management system to ISO 45001:2018 to safeguard our people and operations.

Capabilities

De Goey Contractors (DGC) excels in delivering high-quality steel fabrication, piping production, and installation services, tailored to the specific needs of any project, regardless of size. Our strategic partnership with Mackay Piping, combined with our specialized protective coating and concrete remediation divisions, enables us to offer our clients a service backed by exceptional expertise and qualifications.

Now operating from our expanded, state-of-the-art facility in Paget, we are fully equipped to prepare and protect all components and structures, including those made from carbon steel, aluminum, and stainless steel, before on-site installation.

	Address	8 Caterpillar Drive, Paget QLD 4740
	Site Area	6,444sqm*
	Building Area	2,798sqm*
	Facilities	Workshop - 2,336sqm*
	Cranes	Double Hook 70T + 20T Overhead Gantry Crane
	Power Capacity	415V 1,000 AMP

YOU'RE IN GOOD HANDS

What We Offer

- ✓ Certified welding inspection
- ✓ Structural steel
- ✓ Poly pipe welding and installation
- ✓ Roll groove piping
- ✓ Threaded piping
- ✓ Stainless steel press-fit piping
- ✓ High pressure piping stainless and mild steel
- ✓ Stainless pipe welding GTAW MMAW methods
- ✓ Drainage and water main piping
- ✓ General aluminium welding
- ✓ General stainless pipe and structural welding
- ✓ Installation of belt wash and belt scrapper systems
- ✓ Spooling and installation poly/stainless slurry lines
- ✓ Installation of stainless steel and poly utility water and air piping
- ✓ Installation and piping of tank and sump systems
- ✓ Installation of fire suppression systems
- ✓ Spooling of welded stainless steel and carbon steel piping
- ✓ Installation of S/S Victaulic press fit piping and components
- ✓ Fabrication and welding of light structural steel
- ✓ Conveyor guarding fabrication and installation
- ✓ Denso SeaShield Marine Systems
- ✓ Quality assurance documentation
- ✓ Testing and commissioning
- ✓ Labour hire

Sustainability

DGC are committed to establishing and maintaining a comprehensive Sustainable Environmental Management System in compliance with industry best practice and regulatory requirements.

We achieve this through actively consulting and communicating with our workforce to provide and communicate on environmental matters, sustainable environmental practices, company successes and opportunities for continuous improvement.

Welding Procedures

De Goey Contractors follows strict welding procedures to ensure quality results. Welding procedures held and practiced include:

- ✓ AS/NZ3992: ASMEIX GTAW carbon/stainless steel small and large bore
- ✓ AS/NZ3992: ASMEIX GTAW/MMAW carbon/stainless steel large bore
- ✓ AS/NZ3992: ASMEIX GTAW/FCAW carbon/stainless steel large bore
- ✓ AS/NZ3992: ASMEIX GMAW/FCAW carbon/stainless steel large bore
- ✓ AS/NZ1554.1: FCAW carbon steel plate (various thicknesses)
- ✓ AS/NZ1554.1: GMAW carbon steel plate (various thicknesses)
