TRAINING & CERTIFICATION

Highly Experienced Team

Full trained and certified by Weld Australia

- ✓ Certified International Welding Inspectors
- ✓ Certified International Welding Specialists
- ✓ WTIA QC Welding Coordinators
- ✓ Certified AS1796 Welding Supervisors
- ✓ AS2214 Structural Steel Welding Supervisors

Certifications & Accreditations

- ✓ PAS99 Integrated Management System accredited to:
 - ISO9001:2015
Quality management system
 - ISO 45001:2018
OH&S management system:
 - ISO 14001:2015
Environmental management system

Subcontractors engaged by DGC are also assessed to the same stringent standards.

DGC, in strategic partnership with Mackay Piping, is supported by in house protective coatings and concrete remediation divisions, along with a skilled labour force of over 300. This structure positions the group to deliver fabrication and piping projects of any scale.

DGC has robust safety training and actively promotes a Zero Harm policy. The HSE team operates a comprehensive health and safety management system to ISO 45001:2018. To foster a culture where every team member takes ownership of safety, DGC recognises proactive thinking through monthly Safety awards at each site, along with a company wide award for the most impactful safety initiative or improvement.

WORKSHOP FACILITIES

Now operating from an expanded purpose-built facility in Paget, DGC delivers high quality steel fabrication, piping production and installation services. 	Address	8 Caterpillar Dr, Paget, QLD, 4740
	Site Area:	6,444sqm
	Workshop:	2,336 sqm
	Cranes:	70T Double Hook 20T Overhead Gantry Crane
	Power Capacity:	415v 1,00AMP

HARD STAND

	Address	29 Logistics Dr, Bakers Creek, QLD, 4740
	Site Area:	2.26 Acres
	Transport:	Approved B Double access to Bruce Hwy

SAFETY FIRST. EVERY SECOND

SERVICES

De Goey Contractors (DGC) provides clients with the highest quality piping, steel fabrication and installation.

DGC is one of only a few local self performing principal contractors, with the capability to manage all services in house. Repeat clients choose DGC for their ability to deliver turnkey solutions at any size, within the shortest possible timeframe.

FABRICATION, WELDING & INDUSTRIAL TILING

- ✓ Light, medium and heavy structural steel fabrication and welding services
- ✓ Structural remediation services
- ✓ Conveyor guarding – fabrication and installation
- ✓ Stainless pipe welding (GTAW and MMAW methods)
- ✓ Stainless steel fabrication and welding services
- ✓ Aluminium fabrication and welding services
- ✓ Poly pipe welding and installation
- ✓ Coating Systems

WELDING PROCEDURES

De Goey Contractors follows strict welding procedures to ensure quality results.

Welding procedures held and practised include:

- ✓ AS/NZ 3992: ASME IX GTAW carbon/stainless steel small and large bore
- ✓ AS/NZ 3992: ASME IX GTAW/MMAW carbon/stainless steel large bore
- ✓ AS/NZ 3992: ASME IX GTAW/FCAW carbon/stainless steel large bore
- ✓ AS/NZ 3992: ASME IX GMAW/FCAW carbon/stainless steel large bore
- ✓ AS/NZ 1554.1: FCAW carbon steel plate (various thicknesses)
- ✓ AS/NZ 1554.1: GMAW carbon steel plate (various thicknesses)

Project Management & Labour Hire

FABRICATION

PIPING

- ✓ Roll groove piping
- ✓ Threaded piping
- ✓ Stainless steel press-fit piping
- ✓ High pressure piping (stainless and mild steel)
- ✓ Drainage and water main piping
- ✓ Spooling of welded stainless and carbon steel piping
- ✓ Spooling and installation of poly/stainless slurry lines

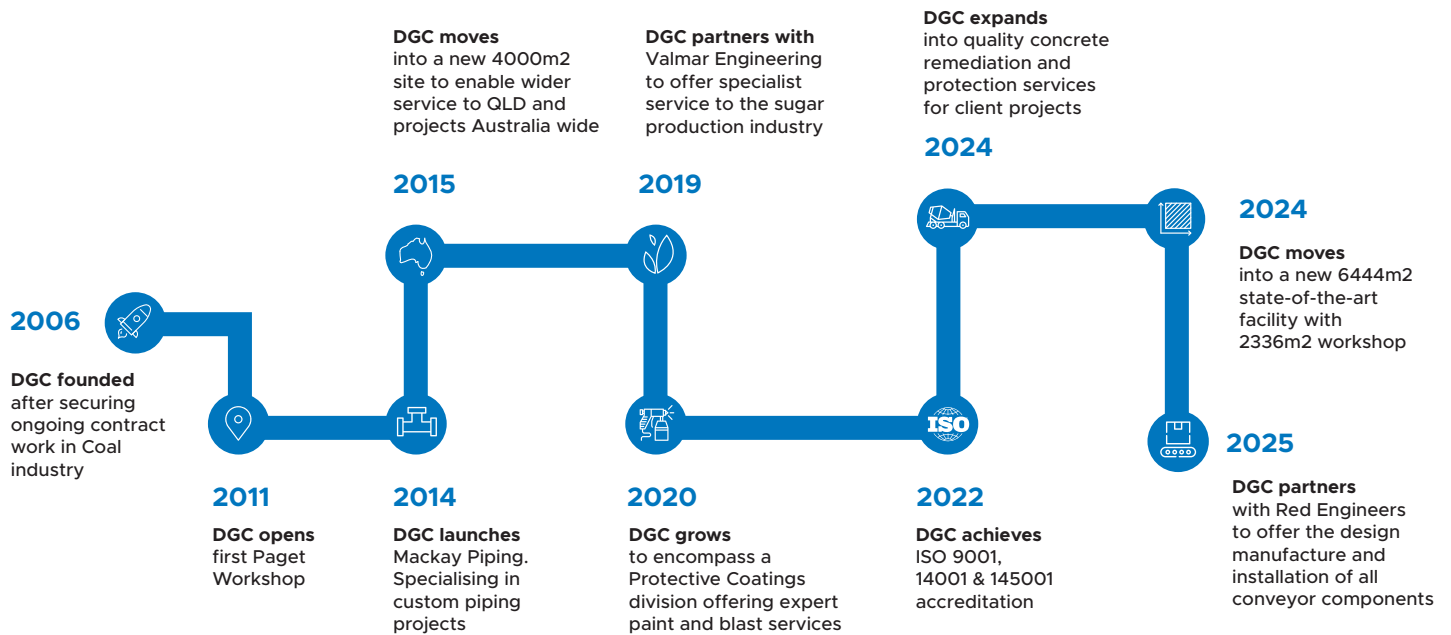

INSTALLATION

- ✓ Installation of stainless Victaulic press fit piping and components
- ✓ Installation and piping of tank and sump systems
- ✓ Installation of fire suppression systems
- ✓ Installation of utility water and air piping (stainless and poly)
- ✓ Installation of belt wash and belt scrapper systems
- ✓ Industrial Tiling
- ✓ Denso SeaShield Marine Systems

QUALITY CONTROL

- ✓ Certified welding inspection
- ✓ Testing and commissioning
- ✓ Quality Assurance documentation
- ✓ Labour hire
