WORKSHOP FACILITIES

Now operating from a state-of-the-art workshop in Paget and a hardstand facility in the new Bakers Creek industrial precinct, DGC is fully equipped to deliver bulk material handling projects of any size.

	Address	8 Caterpillar Dr, Paget, QLD, 4740
	Site Area:	6,444sqm
	Workshop:	2,336 sqm
	Cranes:	70T Double Hook 20T Overhead Gantry Crane
	Power Capacity:	415v 1,00AMP

HARD STAND

	Address	29 Logistics Dr, Bakers Creek, QLD, 4740
	Site Area:	2.26 Acres
	Transport:	Approved B Double access to Bruce Hwy

DGC's strategic partnership with Red Engineers, brings together specialist expertise in bulk handling system design, engineering, certification with fabrication, coatings and installation.

This collaboration enables the delivery of all conveyor components, from initial design and manufacture through to servicing and maintenance.

DGC has robust safety training, and actively promotes a Zero Harm policy. The HSE team operates a comprehensive health and safety management system to ISO 45001:2018. To foster a culture where every team member takes ownership of safety, DGC recognises proactive thinking through monthly Safety awards at each site, along with a company wide award for the most impactful safety initiative or improvement.

SAFETY FIRST. EVERY SECOND

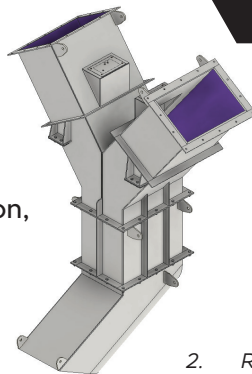

SERVICES

De Goey Contractors (DGC) provides clients with the cutting-edge modern bulk material handling systems.

DGC is known for its excellence in providing top tier projects and installation services.

The team specialises in tailoring solutions to meet the unique requirements of every project. Bulk handling services encompass design, engineering, certification, fabrication, coatings, installation and commissioning, ensuring accountability at every stage.

1. Red Engineers Design: Gordon Stone Project

2. Red Engineers design: Radial Stacker for Curragh Mine

WHAT WE OFFER

- ✓ Conveyor guarding fabrication and installation
- ✓ Conveyor layouts
- ✓ Conveyors power and tension reports
- ✓ Conveyor studies
- ✓ Design & development of bulk materials handling systems
- ✓ Engineering & RPEQ services
- ✓ Fabrication
- ✓ Industrial Tiling
- ✓ Labour hire
- ✓ Mechanical & electrical fit out
- ✓ Quality assurance documentation, testing and commissioning
- ✓ Site maintenance and commissioning
- ✓ Surface treatment

EQUIPMENT WE MANUFACTURE & SERVICE

- ✓ Access platforms
- ✓ Belt clamps
- ✓ Belt maintenance
- ✓ Belt reelers
- ✓ Belt wash and belt scrapper systems
- ✓ Boot-ends
- ✓ Chutes
- ✓ Coffin seals
- ✓ Conveyor structures
- ✓ De-watering
- ✓ Development of conveyor drives
- ✓ Development units
- ✓ Drives
- ✓ Drive-head
- ✓ Dust suppression systems
- ✓ Gravity take ups
- ✓ Guarding
- ✓ Hoppers
- ✓ Loop take ups
- ✓ Mono rails
- ✓ Overland conveyors
- ✓ Pinch rollers
- ✓ Pulleys
- ✓ Sac-bases
- ✓ Tail-ends
- ✓ Transfers
- ✓ Trippers
- ✓ Underground conveyors
- ✓ Winches
